Villa Reported to Have Run Into Trap at Gomez Palacio When Attacking

FIGHTING HAS LASTED **NOW FOR SEVEN DAYS**

Juarez, Mex., March 30. No report from General Villa were received this morning and it was assumed that fighting at Torreon continues.

Chihuahua, Mex., March 30.-Fo seven days Francisco Villa, military genius of the constitutionalists revolution, has waged his battle against Torreon. For six days the fight has been the bitterest and the loss the most tremendous in the history of Mexico, judging from the meagre press dis-patches received from the front and the stories of horrible slaughter which were told to-day by many of the wounded veterans of Torreon who are Constitutionalis in hospitals here. Constitutionalist sympathizers and rebel officers in Chi-huahua have become most anxious as to the fate of their military leader and the remainder of the 12,000 men who marched to Torreon with thin to engage in the revolution's first decisive battle. No word from Villa came early to day to relieve the anxiety which ohe. to-day to relieve the anxiety which ob-tained throughout Chihuahua. Re-ports that heavy reinforcements were hastening to relieve General Refugio Velasco, the federal commander at Torreon, who has made such a resourcefu resistance, were received here with

misgivings. officers here fear that Villa Army officers here fear that Villa and his army are in a difficult and dan-gerous situation. The many days of almost constant aggressive warfare at Gomez Palacio and the city of Torreon, it is thought, have exhausted both men and supplies. From stories told by the wounded the rebel vanguard ran into a trap at Gomez Palacio which cost them dearly in men and ammunition. But spurred by the irresistible energy of Villa the soldiers carried their dight to the very heart of Torreon.

the very heart of Torreon. Those familiar with the geography of Torreon and its vicinity cannot understand how General Velasco has been able to withstand the vigorous attack by a numerically superior force as long as he has, having been driven, according to reports, to the very southern edge of the city. The only solution which presented itself, was that General Velasco and his men had succeeded in holding the roundhouse and rail, road building in spite of the artillery fire which Villa might have been able to direct against them.

Ottawa, March 30.—It is expected that the budget announcements of the Hon. W. T. White, minister of finance, will be made Monday afternoon next. Undoubtedly the most interesting feature of the budget speech will be that portion which deals with the tariff, for already there is considerable speech lation as to the probable changes which will be outlined. The fiscal proposals which will be contained in the budget are for obvious reasons kept secret until the minister announces them. Seely's resignation has been accepted," was the expression employed by Premier Asquith in announcing in the House of Commons that his war secretary had paid the penalty of his indiscretions in adding to the cabinet document the two paragraphs which have aroused such feeling as to threaten the existence of the entire cabinet.

The first information received by members of parliament that Col. Seely had retired definitely from the cabinet was when he entered the House and took a seat on the back benches instead of among his late colleagues.

Premier Asquith's further announcement that he would take up the portfolio of secretary for war came in the nature of a surprise. The premier proceeded to tell the house that Colonel Seely had informed him to his great regret that he felt bound to take the same course and resign from the secretaryship of war. Edmonton, Alta., March 30 .- "It ms good to be in civilization again seems good to be in civilization again after twenty-two years of voluntary exile among the Indians of the north." The speaker was the Rev. Pierre Edward Guoy, father superior of St. Isadore mission at Fort Smith, who arrived in Edmonton by rall from Athabasea last night after being away from the city for nearly a quarter of a century.

"I saw to-day at Athabesca an auto-mobile for the first time," said Father Guoy. "Such things were not dreamed of when, as a young man of 25, I left for the north to work among the Cree Indians. Edmonton was then but a vil-lage. Of course I have kept track of its growth through the newspapers, al-though we received papers only during the summer by cances and an occa-sional steamboat, the winter mail car-riers by dog-teams confining them elves to letters."

Father Guoy will rest in Edmonton few days and then, after a short trip to St. Albert, he will start for Nantes, France, where he will visit his aged parents. On his return to Edmonton next September he will go once more to Fort Smith—perhaps to spend the remainder of his life in his self-sacri-ficing labors for the education and upifting of the Indians.

Relief for Bowel Trouble

Here is a laxative — not a purgative — but a pleasant, easy-to-take tablet that tastes just like candy, that children like, that is ideal for invalids and aged persons. We guarantee it not to cost you a penny if it does not satisfy you. Don't doubt or hesitate — make us prove it.

Consult Your Doctor

We believe your doctor will tell you that about 95 per cent of all human ills are indirectly caused by unclean and constipated bowels. You know the first question the doctor asks when you consult him is, "Are your bowels regular?"

When your bowels are not naturally exercised such as they would be if you took a good brisk walk of six or seven niles a day out in the open, they require artificial exercise and a corrective tonic that will soothe and attengthen while regulating the bowels to natural action.

Free If it Falls

We have so much faith in Rexall Orderlies se the safest, most dependable, easiest-to-take, quietest acting and most theroughly good remedy for bowel trouble, that we offer them with our positive guarantee that if they do not satisfy for any reason whatever, we will hand back the nefitey you paid for them.

Don't doubt or hesitate. Make us prove our claims. Come and get a box of Resall Orderlies today.

We won't ask you to sign anything or obligate you in any way. Your mere request will bring a return of your money. You take no risk what-ever. With this guarantee there is certainly no reason why you should hesitate to try

planos in Canada.

The man who conceives and constructs, and sees before him the things which his hands have created, is justly proud of his work. What must it be, then, to retrace, in recollection, the patch through the years of a useful life that led from a single room in a modest dwelling to the greatest factory of its kind in all Canada; what reason there is for his pride, who can see the instruments which his brain has conceived and his hands created, bringing pleasure, and cheer and culture, to thousands of people everywhere!

Mr Gerhard Heintsman

Heintzman could complete them. The end he strove for was reached; the work of his hands and his brain was approved. There was a ready sale for his planos. Money was realized wherewith to start a modest factory, to buy more and better tools. From that day to this the history of Gerhard Heintzman's career has been one of steady progress without one single deviation from the ideal he set himself in that first plano—the ideal of honesty of purpose, correct ideas and sincere workmanship.

To-day the Gerhard Heintzman plano is turned out in a magnificent factory 500 feet long, five stories high, with all accessory is illdings and yards. It is turned out at the rate of 325 a month. Yet, not one single piano is slighted. Mr. Heintzman is in the factory every day when he is in Toronto, and no piano leaves the factory without first receiving

in Toronto, and no piano leaves the factory without first receiving thorough inspection at the hands of either Mr. Heintzman, senior, or lose of Mr. Armand Heintzman, his able son, a worthy successor to a father and now superintendent of the entire plant.

Asked yesterday to name what he considered the most important feature of piano construction, Mr. Heintzman replied, without hesita-tion, "The scale! We have always made our own scales and we will always continue to do so. The scale is the foundation of the instrument, Upon the absolute accuracy with which it is spaced depends the quality of tone of the plano. Many manufacturers leave the making of their scales to others. Ours are all made under our own supervision in our The scale is the secret of the piano's success or failure

own factory. The scale is the secret of the piano's success or failure. Next comes good workmanship."

And what is true of the Gerhard Heintzman scale is equally true of the other features of Gerhard Heintzman construction. Every important feature of the Gerhard Heintzman piano is turned out in the Gerhard Heintzman factory under Gerhard Heintzman supervision. All actions used in the Gerhard Heintzman piano are so made. They could not be used in any other instrument. The very finest of materials, honest, sincere workmanship under the best and happiest of conditions—these characterize Gerhard Heintzman methods. There simply COULD NOT BE A POOR GERHARD HEINTZMAN PIANO!

Recently Mr. Heintzman was able to accomplish something which pleased him very deeply. Through the death of the surviving members the family to whom his second plane was sold 40 years ago, Mr. of the family to whom his second plane was soin 40 years ago, are Heintzman was able to buy the instrument back—at the exact price he received for it in the first place—and now treasures it as a souvenir of his earlier career. That this instrument, in spite of its long service, is practically as good as new, is a fact that speaks volumes for the materials and workmanship that went into it almost half a century ago. The Genuine Gerhard Heintzman Piano is Canada's Best Piano.

North Wards have not yet cinched the championship of the Island league. They are but three points ahead of the Sons of England and have played one Sons of England and have played one more match thap have the Sons. Saturday's double bill was a huge surprise, the Bays holding the Wests to a tie, while the Thistles drew with the Wards.—The Wests and Bays put up a splendid fight at Oak Bay, both clubs scoring two goals. The Wests added a third but it was called back, as was a rush by the Bays. Thistles proved up. rush by the Bays. Thistles proved un-expectedly strong against the Wards and held their own with the speedy and tricky league-leaders.

Wests appear to have the intermedi-Wests appear to have the intermediate title, the green and white defeating Sir John Jackson's eleven after a hard fight 3 to 2. Wards won from the Empires I to 0, the Pandoras wiming from the Men's Own 2 to 1. All of these natches proved fast and exciting and there will be several changes in the standing before the seaso

A large crowd witnessed the Thistle-Ward battle at Begcon Hill and the Scottish eleven played at top form throughout. Towards the close they had the supporters of the Wards on their toes lest the Scots might score. The Wards could not reputs the Thistles? Wards could not penetrate the Thistler efence with their usual freedom and it was only the wonderful-defence work of Taylor, Newlands and Barnes that saved the City league champions. Wards failed to show their usual dash in the opening half, Thistles going into the final session with a single goal adthe final session with a single goal advantage. The windup was very spectacular, the Wards throwing every man into the attack. Thisties took a hand after the score had been tied and what the opening half lacked in good football, the closing moments of the games more than made up. Caskle starred at outside right for the Thisties,

a hard fight, the green shirts manag-ing to score two goals in the final ses-sion that brought the teams upon even terms. Menzies scored the first goal for the Bays, the Wests going scoreless in the first half. TC-DAY IN PUGILISTIC

1901—Kid McPartland defeated Dave Barry in 10 rounds at Denver. McPartland was a classy boxer, but, like Packey McFartand, he was handicapped by being too heavy for the lightweight division and too light for the welterweight. He could make 133 pounds, but it left him weak and wabbly and unable to do his best. McPartland's famous left was nothing short of wonderful, but he never attained the same proficiency with his right. The Kid won few bouts at the lightweight limit, and in fighting welterweights he was usually outclassed in weight. At that, McPartland was one of the best boxers of his ers, and if he had been able to make the weight he might have become the champion of the lightweight division.

Aston Villa's Defeat a Huge Surprise Greater perhaps than the victory of Sunioch in the Grand National was Saturday's win over Auton Villa by the hard plugging Liverpool eleven. The win gives the latter club an excellent chance for the honors, but it was a distinct shock to those who have been following the work of the clubs this season. Aston Villa was considered unbeatable in the cup competition and thousands of dollars have been waged on its chances. The Liverpool eleven simply refused to bow to the superior reputation of the Villans and shut out their op-ponents. The draw between Burnley and Sheffield United will be played on Wednesday and the odds favor the latter club. With the Villans out, however, the final will be a decidedly open one as regards the chances of the competing

Local Club Appears to Have Scoring Punch.

Though it is not a great deal to boast of, the victories of the Victoria ball Though it is not a great deal to boast of, the victories of the Victoria ball team over the Shaner and Wolff aggregation demonstrate two very important facts in connection with the Bees. First of all, they have unlimited pitching strength, as shown by the fact that the Seattle semi-pros. were able to garner but six hits in two contests and only one run. Greater than that, perhaps, is the showing made by the Bees in offensive work. They met the cork centre hard and their heady base running was all that could be desired. The trouble with the Bees of last year was their inability to cover the ground on clean wallops. This season the club appears to have remedied these defects, and with a brainy ball player like Delmas available, there is no reason why the team should not make a big bid for the pennant.

FINISH OF SEASON.

Great credit is due to the musketry in-tructor of the Fiftieth Regiment, Lieut. F. Ritchardson, for the bigh standard of efficiency at miniature ranges to which he has hrought the shooting standard of the regiment. Next season the men look orward to even better results, as they de at the final shoot were "THE TIME, THE PLACE AND THE

Continuous musical comedy has proved tremendously popular in Vic-toria as presented at the Empress theatre by Harry B. Cleveland's clever theatre by Harry B. Cleveland's elever company and should establish itself permanently this week when the delightfully musical and amusing comedy, "The Time, the Piace and the Girl," is seen. Popular song classics are included in its score as such names as "Blow the Smoke Away," "Honey-moon," "Dixie, I Love You," and "Thursday Always Was My Jonah Loy," will indicate. As sung in character by the talented vocalists of the Empress company these songs will assume a new attractiveness not possessed when lying on a piano music rest.

The comedy of "The Time, the Place, and the Girl," is witty and smart at all stages and contains many of the merry moments in which those clever comedians, Eddie O'Brien and Harry Cleveland delight. The latter will play the amusing part of Johnny Hick, and William Murray will appear in one of funniest parts in the comedy, "Little Wille."

"PEG O' MY HEART."

Oliver Morosco's production of J Hartey Manners' delightful comedy of youth, "Peg O' My Heart," which Laurette Taylor has been playing in New York for over a year, will be the attraction at the Royal Victoria theatre on Thursday, Friday and Satur-day, April 2, 3 and 4, with a special Saturday matinee. The enormous success of this play is undoubtedly due to its cleanliness and the ab-sence of all discussion of social sins

sence of all discussions and the everlasting arguments of capital and labor.

"Peg" is a selfsh little human being, with a child's naive ways and a child's innocent outlook on life. She is brought up, after the death of her mother, by her Irish father, and is transplanted from a humble home to the palatial residence of her aristoge cratic relatives in England. Her simple appearance shocks her British coulsns and aunt, and her unfamiliarity with ways of the aristocratic family, leads to numerous comical comic situations. The play is said to be brimful of clever wit and humor, intermediate in the story deals with the efforts of the first of the Wire, will greatly appeal.

"THE CALL OF THE NORTH."

Thomas and Lou Hall, in the day sketch, "The Substitute," present something that will cause many a hearty laugh. Jack Ward and Eddie Weber give a turn which is entitled. "A Minstrel Boy's Conception of Art." The Randalls, who are sharpshooters it with ways of the aristocratic family, leads to numerous comical comic situations. The play is said to be only artistic play.

SINGLE TAXERS

Mayor Stewart Presided at Meeting Addressed by Local Speakers Yesterday

There was a gratifying attendance on the Joseph Fels memorial held yes-terday afternoon in the Dominion theathe audience being comprised of single taxers in the city, and many the single taxers in the city, and many friends of the single tax movement. In addition to the addresses of the several speakers, two feelingly render-ed quartettes by Mr. and Mrs. Alfred Codd, Miss Laura Blakeway and J. O. Dunford added much to the enjoyment

of the meeting.

Mayer Stewart, who was conducted to the thair by E. S. Woodward, introduced the speakers, prefacing his introduction with reference to the fitting object of the meeting which had been assembled to pay honor to the memory of Joseph Fels, recently deceased, who had been so prominent a propagandist and generous supporter of the single tax movement. He referred to and instanced the whole-hearted liberality and broad minded philanthropy of the wealthy manufacturer and, the time wealthy manufacturer and the and money spent in fostering the po

Scott, of Metropolitan Methodist church, made the concluding address and emphasized the value of the work of societies and organizations committed to the propagation of sound ideas and theories of economic reform. ideas and theories of economic reform. He remembered his own advocacy of the eight-hour day for workingmen, and adverted to the claims of suffraglats for the ballot for women. All these movements, he declared, are important to the body politic and necessary to the proportionate development of social reforms. The thing to ask was not reforms. The thing to ask was not what was expedient, but what was right. In the final reconstruction of solety it was "right" that must be con-dered and effected, or there could be no permanent progress.

The audience was thoroughly appre The audience was the controlling appreciative throughout the entire meeting, and frequent applause expressed their concurrence in many of the radical assertions made by the speakers. The National Anthem was sung before the dispersal of the assembly.

M'BRIDE LAND FRAUDS.

To the Editor,—Seeing the two de-cisions of the court re the illegal stak-ing of the gevernment lands by the speculators, would it not be good pol-icy to call the attention of the public to the natural consequences of these judgments? Could not those who are, and have been, crowded from the choicest locations, now re-stake and demand entries for bona fide locators of homes? It can be made at least a lot of trouble for the speculators and also the government, premier and friends also. If this were well publish-ed in London it would not tend to comfriends also. It this were wen published in London it would not tend to comfort for Sir Richard on his next visit.

LLOYD GEORGE AND AUNTIE.

To the Editor: In to-day's issue of the Colonist (March 28) Mr. J. Low-ther does me the honor of referring to a contribution of mine which appeared a contribution of mine which appeared in your issue of March 23 under the above caption. As the home rule bill is now practically assured, (thanks to the late audacious attempted Tory hold-up of parliament) and as Mr. Lowther's letter contains nothing original to add to the peace or gayety of nations. I shall content myself with recommending Mr. Lowther to careful-ly read the broad-minded editorials that have appeared in your paper from time to time, and which have thoroughtime to time, and which have thoroughly covered the fundamental pros and cons befogging this issue. Hoping that this treatment will broaden his views and enlighten his understanding on the time timestal register. rue imperial politics, I am, sir, your umble servant,

CO-OPERATION

To the Editor: Having read several etters in the Colonist on co-operation, would thank you for space in your aluable columns.

Doubtless the news of a co-operative Doubless the news of a co-sperative store has interested hundreds besides me, as there must be many in Victoria who know and have benefited by the dividends at home from these societies. The high cost of living has caused

our population.

I should like to know where one can get shares in the Co-operative association and when they expect to commence

"Co-operation is the writing on the "Co-operation is the writing on the wall. It is becoming every day more apparent that the Kingdom of Monoply is tottering to its fall. The monopolists have been weighed in the balance and found wanting."—J. B. Nicholas.

DOES NOT WANT HOME RULE. To the Editor:-Discipline must be maintained to the last, said Sir Arthur Knyvet Wilson, V.C., G.C.B., G.C.V.O., commander-in-chief, Channel fleet, as he was hauling down his flag and leaving his flagship Exmouth at the conclusion of his command. "I want no cheering when I leave the ship." And there was none, though the men crowded the side of the ship, and with the greatest of regret, silently saw their admired chief step ashore and leave them. Four days before in a speech bidding farewell to the officers of the Channel fleet, he had said. "It is very without Ulster is, no good to Mr. Redwon't let themselves be delivered, and order given them. Lord Charles Beresford struck the right note when he bers are a majority, but least gives their beat absolutely under the control of the country for even if they came back with a swinging majority, they would asking the officers it they would undertake certain duties." Why ask term! They are sworn to obey, and everyone of them knows he must. Just House of Lords, not being able to carry.

al Sir Arthur Paget, comm hief in Ireland, which may be thu birdiged. "I have been told the government will only use troops in Ireland to maintain law and order. I am very glad, for I am very fond of the Irish, and besides, in the last two years have inspected some dozen regiments in the north, all very efficient. It is

not thinkable I should be ordered to concentrate them againts the Ulster volunteers. Still we soldiers have to do things we don't like. The army is efficient because it is in a very high state of discipline, which means that it will carry out any order given it by the king; and God forbid I may be ordered to move to the north, Should that hap-pen, you may condemn us in any act of ours. At the same time you would say to yourselves 'After all, they only did their duty." The army and navy are imper

servants of the state, and they do what is told them by the war office and ad-miralty as the mouthpieces of the king's government. Only reckless folly would endeavor to protect Ulster men against the House of Commons at the expense of the discipline of the ser-vices, which discipline, once destroyed the protection of the empire by th and navy, now taught they may question the orders they get, is about halved or lessened even more. Only reckless folly would try to save Ulster vexation at the cost of the empire here are other ways And after all what is this frightful fuss about? Well, no two people will

give you quite the same explanation The best I can find is that 150 years ago Ireland was treated with the great-est unkindness by England. Her manu-factures were ruined for the benefit of English mill owners and their operatives. In 1845-6 there was a famine in Ireland, which O'Connell the Liberator wished to meet with a prohibition on the exportation of food stuffs. The parliament of the United Kingdom however, ruled by wealthy England, decided differently and repealed the duttes on import of wheat and other grain. Smith O'Brien, the leader of Young Ireland, insisted this would per maperity lower the value of Ireland's agricultural production. And so in-deed it proved, and both Irish landlord and Irish tenant were ruined. on occurred as usual when people are so miserable that they feel they would just as soon be killed as die by inches; the rebellion was sternly suppressed, and the people were also emigrated, not without loss: 89.783 sailed for Canada in 1847, 17,200 of them died on the voy age or soon after arrival. The population of Ireland, over eight millions in nas caused several committees have been formed to look into the cause, but title or nothing has been heard of their nvestigations at present.

The men that formed the Western looperative association have found the nily successful. the predominant partner which culmi-nated in a demand for-home rule, for government by Irishmen who will not sacrifice Ireland's interests to those of only successful remedy for cheaper living, and by so doing will make Victoria attractive to all intending settlers instead of driving them away, which has happened scores of times during the has few years. Co-operation will lay the foundation stone for cheaper living and by so doing will increase our population. that time Irish farmers have been mor-prosperous. In the last thirty years to 40,000 cottages have been built out o the rates, under various laborers' act while in 1906 another four million pounds loan for cottage building was authorized from England, and they say that the alteration in the look of the if only travelling though by train. FIRST THINGS The first settlement of what is now

The first settlement of what is now the city of New Haven was made by a company of emigrants who sailed from Boston for Connecticut 276 years ago to-day, March 39, 1638. The set-tlers, most of whom had but recently come over-from London, were under the leadership of the Rev, John Davencome over-from London, were under the leadership of the Rev, John Davenport and Theophilus Easton. Upon arriving at the site of the future Connecticut metropolis they bought land from the Indians, built rude dweilings, and christened the village New Haven. Within the five years previous to the founding of New Haven settlements had been established at Hartford. Windsor and Wethersfield, but New Haven continued as a separate colony for many years, although joined in a confederation with the colonies of Massachusetts bay, Plymouth and Connecticut. New Haven was incorpyrated with Connecticut in 1862. Yale college was chartered in 1701. It received its city charter in 1784, and for a long time prior to 1873 it was one of the state capitals.

The Times has received from the printers a consignment of the

Canadian Home and Office Atlas of the World

One copy of which can be procured by any subscriber to the Times on presentation of the coupon printed below and payment of \$1.25. This Atlas sells elsewhere for over double that price and is procurable in Victoria only through the Times. This is cost price to the Times in large quantities, our object being to provide readers of the Times with a book that they need.

The Atlas contains a new series of maps compiled from Government surveys and exhibiting the latest results of geographical research. The book contains 126 pages and is divided in four sections, as follows:

First Section, pages 1 to 62-Maps of Canada, the British Empire and all parts of the world; 62 full pages of beautiful and accurate maps.

Second Section, pages 1 to 40-Population figures of all cities and towns of Canada, principal cities of the world and a descriptive gazetteer of the principal cities of the world.

Third Section, pages 1 to 8-The World in half-tone.

Fourth Section, pages 1 to 16—Panama and the Canal.

The Atlas, complete in every respect, is well printed on heavy paper and bound in heavy covers. It is in every respect a book that every home in Victoria should possess, and for students, whether young or old, is simply indispensable. Many Atlases have been published but one so complete has never been offered at such a remarkably low price. All the maps and other information are brought up-to-date, the book having just come from the press. The Times offers it only to subscribers and readers who present this coupon at the Times office, where the book can be inspected. Sent by parcel post at same price.

TO CITY SUBSCRIBERS In order to render the best pos-sible service, we request city sub-scribers to immediately phone or write The Times Circulation Department in all cases of non-delivery or bad delivery of paper on the part of any carrier.

Do not pay any collector with-eut obtaining printed receipt, which please keep. This may save trouble in future.

If, for any reason, you wish us to stop delivering the paper, you will help considerably by notifying the office instead of the carrier, who is liable to forgot.

Especially to those subscribers whose residences are some distance from the sidewalk we recommend the use of a metal newspaper holder, to be obtained from our Circulation Department for the small sum of 25c. Easily affixed and a boon during the winter courts.

LELAND HOTEL CASE IS AGAIN ADJOURNED

ing on January 13 is Raised by Judge

One more was added to the long list

of adjournments of the motion by F. A. McDiarmid to quash the liquor license of the Leland hotel when Mr. Justic Clement allowed another adjournment for Mr. McDiarmid to amend his material. Mr. McDiarmid came court under the impression that the transfer from the Leland hotel to the Wright block and the issue of the hotel license had both taken place on De cember 24 when notice was given that these steps would be considered. The return under the writ of certification showed that the transfer took place on December 24 and the renewal as a hote license on January 13, and the ques-tionse on January 13, and the ques-tion was then raised as to whether the proceedings at the second meeting were valid.

Mr. McDiarmid proceeded at the

opening of the case to argue his con-tention that the license commission was a judicial body which must proeed as a court and hear evidence on oath. He contended that no action could be taken without sworn evidence, and H. A. Maclean, K.C., counsel for Alex. Hesson, the licensee, replied that the declaration of Inspector Hatcher as to the fitness of the Wright block, the premises to which the license transferred, had been taken on oath on January 13. His lordship then asked whether the other side had had an opcortunity to present its case, and Mr.

Maclean did not know.

On December 24 Mr. McDiarmid bia Law society was contended that all the proceedings were on verbal statement without any transfer or verbal statement without any well, K. C.; R. T. Elliott taking of oaths. His fordship was re-sponsible for raising the question as to the legality of the proceedings on January 13 as he said that a court which sat without giving notice to litigants would not be held to be sitting egally. The records showed no minute of an adjournment to January 13 and his lordship asked for material as to the proper way of calling such meetings. H. A. Maclean, K. C., suggested that the meeting had been advertised, but the facts and the law will be presented when the case is re

Railway Work.—W. T. Williams, late f the firm of B. Williams & Co., of this city, has just returned from a trip to Hope, where he has been looking over the ground with a view to finding out the future of that town. Mr. Wil-liams reports that the Great Northern railroad, the (V., V. & E.) Kettle Valley railroad (C.P.R.) and the Canadian Northern, are all carrying on exten-sive construction work in this district. The bridge over the Fraser which will connect the main line of the C.P.R. with the Kettle River Valley line, is making rapid progress. Two of the piers in the middle of the river are now in position, and it is so far advanced that there is no further danger of damage from high water. All these lines run through Hope and centre in the eastern part of the town. The Mc Arthur Bros., who have the contract for the Kettle River Valley line to the was informed that the building of the railway of the Hope mountains would open up some valuable mining proper-ties close to and tributary to Hope that have only been waiting for transpor tation facilities.

Extending Pavements.—With o an arrangement for the divide -With a view to an arrangement for the dividing of costs for the paving of Oak Bay avenue from the junction to Fowl Bay road, a meeting between the legisla-tive committee of the city council and the property owners who will be af-fected will be held on Friday of this week at the city hall. An arrange recently made with the property own-ers on Cook street for the extension of the payement from Mears street to Fairfield road has led to the expectation that a somewhat similar agree-ment can be reached for the work on Oak Bay avenue. Under the terms of the agreement respecting Cook street the property owners on each side of Cook undertake to pay 25 per cent, of the cost of the new pavement, the city bearing 50 per cent: of the obligation. It is understood that the property owners will continue to pay their share of taxes for the improvements already made in that vicinity and that the next tax period shall extend over ten years. As there is a large number of property owners interested in the proposed Oak Eay extension the meeting will doubt-less be a large and representative gath-ering.

VICTORIA CONSTABLE FIRST TO WEAR BADGE

Western Canada in Obtaining Life-Saving Society Honor SUPPORT ON CHANGE

Constable A. C. Sutton, of the Victoria police force, has the honor of being the first police constable in western Canada to pass the proficiency, and bronze medallion tests of the Royal Life-saving society, and to wear the medal badge, which will be worn as is that of the St. John Ambulance association, on the sleeve of the uniform. The tests took place, by kind permission of the Y. M. C. A., in the assocition's percentage was 89. His work was clean-cut in every way, and he proved himself a very powerful swimmer. Mr. Hopper, of the provincial executive, examined and pronounced himself thoroughly satisfied with the result. A. C. Sutton was trained by Chief Instructor Pomfret.

It has been officially announced that the double-tracking of the Esquimalt car line was started this morning, about sixty men being placed on the work right away. It is anticipated that the whole job will take until April 25 to complete. This includes text a track all the way from Domnion road to Head street, and from Lampson street to Admiral's road.

Material is also at hand for the extension of the city service from Burnston of the city service and from Lampson street to Admiral's road.

SPEAKS THIS EVENING

Rev. Dr. Herridge Here From Ottawa Subject is "Conduct of Life."

Conduct of Life" is to be the subject of the lecture at the First Presbyterian church this evening by Rev. Dr. W. T. Herridge, of Ottawa. The speaker has been brought under the auspices of the Ladies' Aid of the church and all indications to-day LOWER; OATS UNCHANGED point to a very large attendance.

Dr. Herridge is known as a singularly excellent speaker, being known as the most eloquent pulpit orator in Canada. His church at Ottawa, St. Andrew's, is noted for the large con-gregations which fill it. His reputa-tion as a pulpit man is not confined to his home city, for he is known clear across Canada. It is not alone as a across Canada. It is not alone as a speaker that Dr. Herridge has found an outlet for his rare talents, for he has also written his book, "The Orbit of Life," being, according to Principal Mackay, "a piece of genuine litera-

ture."

For the past two weeks Dr. Herridge has been lecturing in Vancouver and nightly audiences of 700 have welcomed him. Rev. R. J. Wilson, of the Andrew's church, Vancouver, says that not for ten years has he had the equal of Dr. Herridge in his pulpit. The seating of the First Presbyter ian church is limited to 600, so tha ian church is limited to 600, so that those who hope to hear the lecture will do well to be on hand early. The ad-dress will commence at 8 o'clock, the very Rev. Dean Doull, occupying the chair. Seats can be reserved until

By a recent decision of the city council the plan of "The Cigarette Maker's Romance"; figuring on estimates and submitting proposals for this work. By a recent decision of the city council the plan of executing this work has changed. Formerly the intention was to have the excavation as well as the rivetting, pipe-laying and back filling done under contract. The city will now do the excavation by day labor. The work will be carried out so as to provide for the rivetting of the pipe lengths in the trenches. Excavations for both the regular work and for the rivetting will be done by day labor under civic con-

trenches. Excavations for both the regular work and for the rivetting will be done by day labor under civic control and the contrictors will be relieved of this part of the work. The new tenders are on this basis, and the award of the tender, if it is made this evening, will close a question that has been open for a long time.

The finance committee will submit its revised report on the table of estimates. These were considered at a meeting of that committee on Friday afternoon, and it is understood that little change has been made in the original estimates. The aggregate estimated expenditure is \$2,460,000, and the the estimate of revenue from sources other than land taxes is \$368,000.
